MODERN HOSE MIXER TAP
CODE: MT350

Brass/Zinc alloy
Chrome finish
0.6Kg
Overall height: 418mm
Overall width: 220mm
Flexible tap hoses included

MAINTENANCE

Our wrapped doors are a durable and easy to clean product, however there are some limitations on their use in certain applications.

It is our recommendation that all end users are made aware that if **high temperatures** or **excessive water** are present this may cause the edges to peel back, which can result in failure of the product.

Areas for particular caution:

- **If doors are fitted adjacent to ovens, always ensure that they are shielded from heat using heat deflectors. Doors must not be fitted any less than 750mm above a hob. Contact your supplier if you require more information.**
- **Never use appliances that generate heat, such as a toaster, directly underneath our doors.**
- **Never allow concentrated steam (e.g. from a kettle) to be released directly underneath a PVC edged or vinyl wrapped door.**
- **Never allow a PVC edged or vinyl wrapped door to become saturated with water.**
- **For cleaning use a damp cloth and a non-abrasive domestic cleaner, do NOT use bleach.**

With the correct care your doors will give you many years of trouble free service.

This customer care information does not affect your statutory rights.

6 year Guarantee
We guarantee all products supplied for a period of six years from the date of delivery. Strictly no consequential losses.

Door Style: Manhattan | **Colour:** Heritage Green Supermatt | **Handle Colour:** Brass | **Feature Wall:** Acuwall Tobacco Walnut
